Rushwick Primary School Parent/Carer Relationship & Sex Education Questionnaire

At Rushwick we are committed to providing our children with the best possible curriculum, allowing them to achieve both academically and personally. We are continuing to develop our curriculum, to not only meet the needs of our children, but also the needs of the community we serve.

The Department for Education published [Relationships Education, Relationships and Sex Education \(RSE\) and Health Education](#) Statutory Guidance in June 2020 which schools must begin teaching by the Summer term 2021. As part of the Relationships Curriculum development schools must have a written policy for Relationships and Sex Education. We need to ensure that our curriculum and policy meets the needs of pupils and parents and reflects the community they serve.

As part of our curriculum and policy development we require, and would be grateful of, your opinions regarding our Relationship and Sex Education curriculum.

The further information included within the questionnaire is an extract from the Department for Education (2019) Relationships Education, Relationships and Sex Education (RSE) and Health Education: Statutory guidance for governing bodies, proprietors, head teachers, principals, senior leadership teams and teachers under the headings: Families and people who care for me Caring friendships Respectful relationships Online relationships Being safe

By completing our questionnaire, we will be able to work together to develop a curriculum and policy fulfilling the requirements of the school community.

I would be grateful if you would please return your responses to this questionnaire [Link to Relationships Questionnaire](#) by Wednesday 17th March.

Thank you for your ongoing support
